SPECIAL INSTRUCTIONS.

To meet the requirements of teachers' examinations, lectures will be given on the principles and art of teaching, school organization, and management, and practice lessons given in Primary Department.

MINISTERS' COURSE.

Provision is made for the accommodation of that class of ministers actively engaged in pastoral work who cannot afford to take an extended course, and who desire a more substantial preparation for the great work of preaching the gospel. An abridged course, including instruction in Language, Art of Expression, Christian Doctrines, Church Polity, History of English Bible, Church History, Church Work, and Pastoral Duties, has been arranged to meet their wants.

MUSIC.

Instrumental and vocal music are taught. One dollar extra per month will be charged and collected from all students taking instrumental music lessons—two lessons each week.

INDUSTRIAL FEATURES.

Cooking and sewing are taught and all the young ladies are required to take these branches. They are considered as a part of our curriculum. Other industrial features will be added as rapidly as our means will permit.

Stress is laid on the study of agriculture, and a school garden is operated in connection therewith in order to combine practice with theory. As many of our students come from the farms, an effort is being made to establish a school of agriculture to better prepare these young men and women to make farming pay. It is our hope to open this department in October.

WATERS NORMAL INSTITUTE.

PAY DAYS.

The first month's bills must be paid on day of entrance. All bills are due in *Advance,* and the first Monday in each month is designated "Settling Day," and in no case shall a student be permitted to go without adjusting accounts with the President, beyond the 20th of each month. *A rigid compliance with this regulation will be demanded.*

LOCATION.

This school is beautifully located in the quiet and healthy town of Winton, only a short distance from the wharf, telegraph office, and post-office, and only twenty minutes ride from Cofield, N. C., which is our nearest railroad station, on the Norfolk & Carolina road. Tunis is also our nearest express office. A steamer meets all trains and brings passengers to Winton from Tunis, N. C. Students should notify principal at what time they expect to arrive.

BUILDINGS.

Good, substantial and comfortable buildings have been erected for the entertainment of boarding students. Reynold's Hall, an edifice beautiful in design, contains lodging accommodations for fifty girls, and is a commodious brick edifice. Morehouse Hall also accommodates an equal number of young men. Students are therefore expected to board in school, as by so doing better results can be derived.

RELIGIOUS INSTRUCTION.

Moral and religious training are especially emphasized. Regular weekly services and prayer-meetings are held in the chapel, and boarding students are required to attend all religious exercises, and every effort is put forth to give them a Christian education. It is positively injurious to have students go home on Fridays and return Mondays. The training given Saturday and Sunday is vitally important in

shaping character. A competent Matron is employed to look after the interest of the young ladies.

Young ladies will not be permitted to visit friends in the community Saturdays and Sundays.

SPECIAL ADVANTAGES.

We have endeavored to adopt such a curriculum that the prosecution of which will give to those whose limited circumstances prohibit longer continuance in a school, a fair, practical and substantial education, and that will enable those who may be eager for higher attainments to enter our best colleges. Thoroughness and proficiency are the only criterions of progress in our literary work.

EXPENSES.

Board and lodging for girls per month (4 weeks) . .	$ 6.50
Board and washing per month (4 weeks) for boys	7.00
Tuition alone, for day pupils, Academic Course	1.00
Instrumental Music	1.00
Incidental fee (includes 50 cents athletic fee)	1.00

Students' rooms are furnished with bedding and everything needed, except lamp, towels, soap and broom, bowl and pitcher and bucket. Each young lady should come provided with umbrella, waterproof and overshoes. *Each student is also requested to bring a pillow and blanket or quilt, and two sheets.* Students may enter at any time, but all are advised to enter promptly at the beginning of the term and continue to the close, as it hardly pays to enter and remain but a few weeks. Testimonials of good, moral character must be presented on entrance.

All extravagance in dress will be discouraged. Plain, substantial clothing, not expensive quality, should be provided for school-room service. Parents are advised to avoid all unnecessary expense for dress. Dresses of plain, cheap white goods or of other qualities approved by the Matron shall be worn on anniversary occasions.

FINANCIAL REGULATIONS.

1. No student will be re-admitted until all previous indebtedness has been paid.

2. Each student must state who is to be responsible for his school bills, and the name and address of said sponsor shall be properly entered on the register.

3. No student will be allowed to remain in school longer than a month without settling, unless satisfactory arrangements are made with the Principal and approved by the Executive Committee.

4. Students will be allowed to pay their board in produce, such as wheat, meal, lard, molasses, and such other articles as can be utilized in our boarding department.

5. The rates being so exceedingly low, prompt settlements are indispensably necessary for the well being of the institution, and will be demanded. Pay board bill in advance, and avoid the trouble and dissatisfaction.

RULES OF DISCIPLINE.

I. Courtesy and mutual forbearance are expected of all; and students will be required to treat teachers with due deference and respect.

II. Students will not be allowed to retain fire-arms in their possession. *The use of tobacco and intoxicating drinks are forbidden.*

III. Any young man known to go down town at night, without permission, is liable to expulsion.

IV. Students will be held responsible for damage done to their rooms, furniture, or any school property.

V. Students must invariably report to the Principal upon entering or leaving school.

VI. Attendance upon all class and chapel exercises is absolutely required, unless excused.

VII. Students care for their own rooms and are held responsible for any damage done in them, or any violation of rules, unless promptly reported to the Principal.

VIII. *All students are required to do an hour's work each day for the school; but an extra payment of one dollar per month will relieve them from this responsibility.*

IX. Rooms occupied by students are subject to inspection daily and must be kept clean and tidy.

X. All students must apply themselves diligently to their

studies during study hours, and must avoid visiting, talking or making noise calculated to interrupt others.

XI. All students must obey the rules of the school—discipline and obedience are essential to success. For persistent neglect of duty, insubordination, or contemptible conduct, students may subject themselves to immediate expulsion.

ORGANIZATIONS.

The following organizations are encouraged for the benefit and training of students, viz.: The Alumni Association, the Reynolds Mission Circle, a Y. W. C. T. U., a B. Y. P. U., a Lyceum and an Athletic Association.

FINANCIAL CONDITION OF THE INSTITUTION.

The life of the school depends entirely upon the benevolence of its friends. We have no endowment or permanent fund. The American Baptist Home Mission Society, of New York, has kindly given us an annual contribution, thus making it possible, with great sacrifice, to keep our doors open. We are forced to depend largely on the meagre contributions of the colored people themselves for support. The Chowan Educational Association, composed of churches in the vicinity of the school, and the Chowan Sunday School Convention, composed of the schools of Hertford County, are the organizations through which we have raised the greater part of our money. The colored people immediately surrounding the institution have displayed magnificent liberality towards the enterprise. The school has developed immensely, and larger sums are needed to provide buildings and meet the growing demands for the institution. We plead with our friends for increased earnestness for continued assistance, so that this enterprise, so grandly begun and so admirably located, may be made a permanent blessing to a grateful—though unfortunate people. *We invite our friends North and South, having means at their command, and wishing to do a charitable work, or prepare their wills, to consider the needs and merits of Waters Institute.* We

seriously need a domestic science building for girls and an industrial hall for young men.

We acknowledge, also, our gratitude to the North for the timely service rendered the institution by sending, from time to time, barrels of bed-clothing, household supplies, clothing, etc.

FORM OF BEQUEST.

I give and bequeath to the Trustees of Waters Normal Institute, Winton, N. C., for the use of said school, the sum of ..... dollars, to be paid by my executor to the Treasurer of said board out of the proceeds of my estate.

HOW TO ADDRESS US.

Money for the institution may be sent to the Principal, C. S. Brown, Winton, N. C., and acknowledgment of the same will be promptly made.

Freight should be addressed C. S. Brown, Cofield, N. C.

Express packages should be marked Tunis, N. C.
